Dr. T. Felix Gouraud's Oriental Cream or Magical Beautifier, advertised in another column, is a matter of deep interest to all who would have their skin free from the baneful influence of the elements, or free from tan, freckles, or sallowness, or other skin blemishes, giving it a soft, pearly whiteness, and leaving the complexion clear and bright as crystal. It is highly desirable for those attending evening entertainments when dancing heats the face and causes it to look greasy. The Oriental Cream removes this annoyance; it being a liquid preparation, it remains on the skin, giving it a charming bloom.

We recommend it cheerfully, because its properties have been tested more than a half of a century by the very elite of American and continental society. While its naturalness of operation is such that the use of the cosmetic is not suspected, it is entirely certain to beautify the face and impart the evidence of refinement and culture. We know it meets the wants of refined ladies who require a harmless, efficient beautifier and purifier of the skin, and is sold by all first-class druggists and fancy goods dealers.

gang, who was near the depot at dinner was on hand. Word was also sent to town for the fire department and Chief Finch was informed at once, but upon learning where the fire was, immediately saw that the department could do nothing with the hose for the reason that the nearest hydrant was some hundreds of feet further from the fire than the distance all the hose available would reach. While the department could do nothing in that line, Mr. Finch and several others took ropes and buckets from town and helped as much as possible by taking water from the canal that very fortunately ran directly under the approach. It happened that there were a couple of old buckets on the ditch bank and a few pieces of rope and even before Mr. Finch and the others arrived the members of the section gang were hard at work fighting the flames with very good success. With the other aid, the fire was soon under control and no real serious damage occurred. On three benches of the approach all the wood work was considerably charred but not really weakened and the strength of the bridge is in no way impaired. Howard's bridge is in no way impaired. Howard's and they were wired for but by the time they arrived here the danger was over and there was nothing for them to do.

The accident would have been a very serious one had the flames been given a few moments more time for the old bridge is now out of commission, having the rails removed to be used elsewhere and had the fire taken out the benches the road would have been forced to resort to the other road for crossing the river until the damage could be repaired. The old bridge suffered some damage from the flames where the two bridges join.

This is the second fire that has occurred from this source on this road at the bridge here in less than four months and it rather seems to emphasize the need of a watchman.

ONE MORE EXCURSION.

It is altogether probable that after tonight there will be but one more Park excursion this summer and that will be on next Saturday night. During next week there will be a new play put on every night with the crowning one on the last night. The evening play will be "Thelma," with some of the best scenic effects ever produced at the park. The excursion tonight will be on the M. & P. and will leave here at the usual time with the regular 25 cent rate for the round trip.

THE TEMPE PUBLIC SCHOOL.

There was a meeting in the school building yesterday afternoon of all the members of the faculty and the members of the board. MESA

A VERY PLEASANT MEETING.

The social that was given at El Rancho Bonito Thursday night by Prof. Homer Davis to his eighth grade pupils of 1904 was a very pleasant affair. Prof. Davis expects to start for Buckeye in the near future where he has a school and before he left he desired to give his pupils in the Mesa school a good time to rather recompense them for the time he gave them the previous year, so he invited them to El Rancho Bonito, so christened by Mr. H. D. Evans, and while there the time of their lives. The evening was spent in games, music, and recitations, an impromptu program being carried out. We haven't heard whether they introduced the game of "Ultimate," which suppose there was something of that sort for the professor's benefit. Still all had a good time, and as a means of cooling off refreshments consisting of ice cream and cake were served. Mrs. K. L. Mumford acted as chaperone for the company and saw that the young people had a splendid time, including the professor. Those present were: Misses Gertrude Richards, Amy Phelps, Esther Phelps, Hazel Mumford, Ruth Leebick, Inez Earl, Grace Rogers, Myrtle Wallace, Eunice Brundage, Messrs. Robert Allison, Thomas Watkins, Henry Watkins, Orson Phelps, Jetson Merrill, Manuel Morano, Alexander McConnell, Melvin Dana and Cecil Drew.

RETURNED FROM MOUNTAINS.

Dr. E. W. Wilbur and family, W. S. Dorman and family and Mrs. J. L. Hutchison returned from a month's outing in the Sierra Ancha mountains yesterday. They spent most of the time near the government saw mill and were delighted with the cool weather and the environment that dispelled the idea of sultry summer. The last few days of their stay the rain poured down and made the stay somewhat disagreeable, but otherwise every day there was a pleasure. It is an ideal summer resort.

WILL LEAVE FOR SALT LAKE.

Three couples of young people, chaperoned by Mr. and Mrs. James Miller, left last night for Utah via the

S. P. The young couples are going to the temple in Salt Lake City to be married. The Salt Lake temple or some of the older temples in Utah are the Mecca of the Mormon youth, for in them they are not only married to each other for time, but for all eternity. There is no such limited time as "until death do them part" in the Mormon faith. For according to the faith of this peculiar people, the relationship formed here upon earth is faithful to the gospel of Jesus Christ will continue in the hereafter. This is a splendid piece of philosophy as far as life is concerned, for they enter the covenant with no thought of the divorce court, and as a result but few couples thus joined ever separate. The young couples are Orson Phelps and Miss Rebecca Allen, Henry Watkins and Miss Caddie Rogers, and Thomas Watkins and Miss Julia Allen. They will be away about three weeks.

Mr. J. F. Kelly of the firm of Pomeroy Bros. & Kelly, was a business visitor to the capital city yesterday on realty business.

Mr. Reed of the Tucker company was in Mesa yesterday inviting the public to take advantage of the excursion Saturday night to Escalante park, Phoenix, and witness his company present "Thelma," which he says is one of the best plays of the season. The usual rate will be charged over the M. & P. and the trains will start and return at the usual time.

HAPPY RESULTS OBTAINED.

By the Use of the New Scalp Antiseptic. It wouldn't take long to number the hairs in the heads of some people, the reason being they haven't many to number. In most instances, however, the fault is their own. A germ at the root soon plays havoc with the most luxuriant growth and causes it to fade and fall out. It is remedied for this has recently been discovered called Newbro's Herpicide, that acts by destroying the germ that does the damage, besides removing all impurities from the scalp. In addition it permits new life and vigor to enter the scalp, and happy results are sure to be obtained. Send for a trial. Sold by leading druggists. Send 10c in stamps for sample. To the Herpicide Co., Detroit, Mich. H. Goodman, druggist, special agent.

CONFIDENTIAL LETTER.

"My dear Mrs. Angel, let me congratulate you on your beautiful and clear complexion causing you to have so youthful an appearance. I mention this fact abruptly because those two gentlemen friends of yours that just passed up the avenue remarked as they passed me, 'What a lovely woman! What a stylish! Such beautiful skin—her complexion is perfect and she doesn't look over thirty'; and more but I could not hear what it was. This is pleasing to our sex as you know, now give me my reward by telling me why and how it is—what is the secret of your dear friend? We are the same age, forty-one, so you can easily understand why I am so interested to know the secret of your youthful loveliness."

"You are the dear, good friend of my life. (Crying) we ladies do like admiration, especially from those we love, may be from
